E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

G. G. GILBERT

Of Shelbyville, is a candidate for the democratic nomination for Congress in this, the 5th district, subject to the primary to be held Saturday, Aug. 9.

McKINLEY'S final word in his last great speech at Buffalo was a prayer that "God would graciously vouchsafe prosperity, happiness and peace to all our neighbors and to all the peoples and powers of the earth." This followed his great plea for reciprocity. In the spirit of this appeal President Roosevelt and republican State conventions and the nearly unanimous voice of the press of the country have with insistent iteration pressed upon the attention of Congress the necessity of facilitating commercial intercourse between the United States and Cuba. But thus far out of sheer greed and cowardice on the part of republican leaders in Congress nothing has been done. In all the history of parties in this country it is hard to find another page so shameful.

THE following from Mr. Cleveland's speech at the Tilden Club banquet Thursday night, is worthy of a second reading: "My days of political activity are past, and I shall not hereafter assume to participate in party councils. I am absolutely content with retirement, but I still have one burning, anxious political aspiration. I want to see before I die the restoration to perfect health and supremacy of that democracy whose mission is to bless the people, a democracy true to itself, untempted, unmoved by popular passion and uncorrupted by offers of strange alliance, the democracy of patriotism, the democracy of safety, the democracy of Tilden and the democracy that deserves and wins success."

THE democratic committee of the First railroad district met at Dawson Springs Saturday and adjourned without taking any action in regard to making a nomination for railroad commissioner. The committee in the first was not in as big a hurry as that of this district, which ordered that the nomination be made 14 months in advance of the election. The reasons given by Mr. McChord and his "committee of three," which are really too thin to be seriously considered, are just as applicable down there as here, but they didn't work worth a cent in that democratic stronghold where party interests are not entirely forgotten for personal preferences.

JOHN SAM OWSLEY, JR., in a card in this issue announces for re-election as Commonwealth's attorney and his friends all over the district will be glad to have the pleasure of voting for him again. Mr. Owsley is serving his second term of an office that he has filled most acceptably and his friends realizing his peculiar fitness will see to it that he is given a third one. A splendid lawyer in every sense, an officer who does his duty under all circumstances and a gentleman of the manner born, the people want him as Commonwealth's attorney again, and by the eternal they are going to have him.

WE cheerfully acquiesce with the Harrodsburg Democrat in the following: Hon. G. G. Gilbert is now the regularly accredited candidate for Congress in this district on the democratic ticket, and his nomination is equivalent to an election. As a standard bearer he is fully equipped to make such a canvass as will help the party and make certain his election. His record in Congress is an enviable one, and his constituents can point with pride to the fact that the Eighth Kentucky is so ably represented on the floor of the House.

MONEY must grow on trees in Cuba. The government spends it like water for any purpose and now we read that fearing that the United States Congress will furnish no tariff relief to Cuba, President Palma, with the approval of his cabinet, will send a message to the Cuban Congress advocating the distribution of \$3,500,000 among sugar growers and cattle raisers.

SENATOR HILL in his Tilden Club speech, threw this bouquet at the Nebraska: "We should have been glad to welcome the distinguished democrat, our honored standard bearer in the last two presidential elections, that able and eloquent democratic orator, Mr. Bryan, had he been able to be present."

THE offer of rewards aggregating \$30,000 by the governor of North Carolina, for the arrest and conviction of those who took part in a recent lynching may do much to check the mob spirit. In any State where law can be enforced nothing could be more senseless than lynching.

ALL the talk about reorganization of the democratic party is rot. Eliminate issues that are dead or settled and get down to business on those applicable to the present and democrats of all shades will fall into line as naturally as a duck takes to water.

To the Democrats of the 13th Judicial District.

I desire to announce myself a candidate for re-election to the office of Commonwealth's attorney of this district. In the past I have endeavored to faithfully discharge my duties as your servant and, if in your judgment, I am deserving of re-election, I shall greatly appreciate an endorsement at your hands, promising you that should I be so fortunate as to be elected that I will faithfully discharge the duties of the office. Yours respectfully,
J. S. OWSLEY, JR.

President Mitchell, of the United Mine Workers of America, gave out for publication an address to the people of the country, in which he presents the miners' side of the strike in the anthracite region. He claims that there are about 147,500 men employed who average only 200 working days in the year. He insists that the operators can pay better wages and asserts that the coalcarrying roads, which control about 85 per cent. of the mines, absorb the profits of their coal companies by exorbitant freight charges. He also states that more men are killed and wounded annually in the mines than in the Spanish War. He appeals for arbitration of the differences.

TAX ON BABIES.

Extreme hot weather is a great tax upon the digestive powers of babies; when puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at Penny's Drug Store.
